ONE MONTH TRAINING AT HB INFOTECH

WEEK5

Day27 and Day28

1/07/2024 and 2/07/2024

Using HTML, CSS, BOOTSTRAP made a frontend project on watches. It consists of home page, about watches, testimonial, contact form

- ➢ Home page is about company profile, watches collection, reviews, get in touch
- ➢ About watches contains most favorite choice of the buyers
- ➢ Testimonial contains review, product experience
- ➢ Contact form for any help or query

A simple layout is made.

Day29 and Day30

3/07/2024 and 4/07/2024

Contact form is connected with database
- ➢ It contains email, username etc.

Admin page is made through which watches and customer reviews are added to website through database filled.

30 DAYS TRAINING COMPLETED!!
